

Swiss Hiking Tours along the Grand Tour of Switzerland

Werner Forrer, Qualified Hiking Guide BAW (*Grisons Hiking Trail Association*)

My passion for hiking emerged many years ago. Whilst I used to hike mainly with my family or friends, my desire to share this enjoyment of nature and the mountains with others, in the capacity of a qualified hiking guide, grew. In the spring of 2007, I gave myself a birthday present in the form of a training course to become a qualified hiking guide. After various professional activities as an IT Manager HF (*University of Applied Sciences*), Professional Trainer FA (*Swiss Federal PET Diploma*), HR Manager and Professional Development Manager, a few years ago I realised my dream and went into business for myself as a hiking guide. I'm looking forward to accompanying many guests through our beautiful mountains in the coming years.

As a member of the hiking guide team, I am regularly on duty for the BAW Bündner Wanderwege (*Grisons Hiking Trail Association*) all year round. In 2013 I also started working for the Älplibahn Malans (*Malans-Älpli aerial tramway*), for which I lead several guided hikes a year. Since 2016, I have regularly been taking on jobs for various organisations such as Heidiland Tourismus (*Heidiland Tourist Office*), Arosa Tourismus (*Arosa Tourist Office*) and Bergbahnen Gräsch-Danusa (*Gräsch-Danusa aerial tramways*). I also thoroughly enjoy my hiking guide activities for Stiftung Herzgruppe Chur (*Chur Heart Foundation*), which has relied on my experience since 2017. Now I'm looking forward to my experiences with 'Swiss Hiking Tours'.
