Swiss Hiking Tour along the Grand Tour of Switzerland

Yves Baillod

Qualified Hiking Guide ASAM

(Formation d'accompagnateur Saint-Jean, Valais)

As a youngster, I loved outings in the mountains with my dog. Passionate sportsman, I had however a rather superficial relation to nature.

Thanks to the wisdom of aging, I gradually felt the need to better understand the wonder of the wildlife and flora surrounding us, as well as their extremely sensitive interactions and equilibriums. My graduation at the **Formation d'accompagnateur Saint-Jean ASAM** as hiking guide constituted here a solid foundation.

As a gourmet and wine lover, I enjoy crowning a hiking day sharing a delicious meal together with my hiking friends.

After many years hopping around the world, I am now settled down with my family in Lavaux and happy to share with visitors in various languages the uniqueness and the splendor of nature and culture in Switzerland. Guiding in Lavaux World Heritage (VD) as well as leading tours with „Wander Reise Schweiz“ perfectly fit this goal.

I look forward to sharing with you lots of emotions discovering the depth and the richness of Switzerland.
